

ACKURETTA UV BOX

The Ackuretta UV Box is a compact curing box lined with long-life ultraviolet LED bulbs for enhanced curing performance. The reflective stainless steel chamber and bottom mirror surface provides even curing to all sides. The UV Oven is designed with two modes, continuous and flash (10 flashes/second), to ensure all resins that react to wavelengths 365, 385, and 405nm can cure completely and efficiently, with strengthened print hardness. It is also suitable for Class I materials.

Small carbon footprint

Mirror reflection enhances curing performance

365/385/405 nm mix matrix LEDs for a thorough cure

Flash function 10 flashes/sec strengthens print hardness

Suitable for **Class I materials**

UV BOX PACKAGE INCLUDES

Main curing box equipment	1 Pcs
1 Power cord	1 Pcs
1 Protective Goggles	1 Pair
1 User Manual	1 Pcs

TECHNICAL SPECIFICATIONS

Power Supply Voltage
100-240 VAC 50/60 Hz

Wattage
Max 65 W

Dimensions
H 150 x W 200 x D 216mm

Weight
3.3Kg

Operating Environment

Ambient Temperature
+10°C ~ +40°C

Relative Humidity
0% ~ 75%

Ambient Pressure
700hPa ~ 1060hPa

Transport & Storage Condition

Ambient Temperature
-10°C ~ +70°C

Relative Humidity
10% ~ 90%

Ambient Pressure
500hPa ~ 1060hPa
