

Do more,  
digitally

3Shape Lab Solutions

3shape 

# Make your daily work more efficient and unleash your creative potential

Build strong relationships and repeat business with your clinics, and manage your case load more productively, by leveraging streamlined digital workflows throughout the lab. It's all possible with a 3Shape solution.

## Build your 3Shape lab in 4 steps.

**Select a scanner** to bring analog cases into streamlined digital workflows  
Pages 4 - 7

**Add lab management software** to keep your lab running efficiently every day  
Pages 8 - 9

**Choose your CAD design package** to design a wide range of indications  
Pages 10 - 11

**Supplement with add-on services** for peace of mind and to manage peaks in demand  
Pages 12 - 15

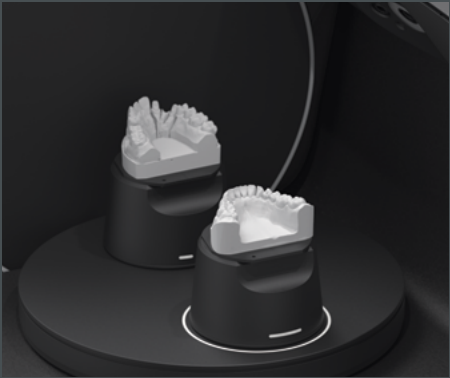

NEW! 3Shape F8 dual model scanner

# Fast forward to design

The F8 lets you do more, at once. The F8 lab scanner delivers our fastest scan-to-design workflow speeds yet\*, so that you can deliver simple upper and lower scanning, as well as a host of advanced scanning workflows, more efficiently and with less scanner interaction.

With F8 as part of a 3Shape solution, you can achieve complete workflow versatility to support all digital and analog case types.

**Learn more** and check availability at [3shape.com/scanners/f8](https://3shape.com/scanners/f8)

## More efficiency

A scanner designed with the user in mind. Reduce technicians' hands-on time with dual model workflows. And with the open place-and-scan system, in-software guidance, and auto-start auto-start, the user experience has never been more intuitive. Simple scanner sharing creates further efficiency gains.

## More versatility

Provide a complete range of quality services to your clinics. F8 introduces exclusive scanner tools to simplify advanced workflows. One workflow that benefits from the new tools is articulator scanning. The F8 workflow minimizes the number of interactions and holds the articulator upright, with no tilting and no fixation required.

## More speed

Stay on top of your caseload with lean, automated scan-to-design workflows. With a single model scan speed of 9 seconds\*\* and full workflows that are more than 20% faster than 3Shape D2000, you will speed through cases. Improved software further increases speed of operation and calculations.

\* Compared to the same workflows, performed by the same technician, on 3Shape D2000  
\*\* Full arch scan with a restorative scan script

**F8** Efficient workflows that minimize scanner interaction, for labs with the most demanding requirements.

Camera:	4 x 5 MP
Accuracy (ISO 12836):	4 µm
Full antagonist arch scan time:	9 sec
Antagonist single tray scan time:	45 sec
Texture:	Color
Model scanning	Dual
Scanning strategy:	All-in-one / Die-in-model

# Award-winning scanning – no matter your needs

The award-winning 3Shape Generation Red E scanners, with up to four 5 MP cameras, deliver high accuracy across a versatile range of cases, remarkable scanning speed, and features like auto-start to boost your productivity.

**Learn more** at [3shape.com/scanners/E-series](https://3shape.com/scanners/E-series)

**E4** High speed and no limits efficiency for full service digital labs

Camera:	4 x 5 MP
Accuracy (ISO 12836):	4 µm
Full antagonist arch scan time:	9 sec
Antagonist single tray scan time:	45 sec
Texture:	Color
Scanning strategy:	Die-in-model

**E3** Essential scanning with implant bar accuracy suitable for most digital labs

Camera:	2 x 5 MP
Accuracy (ISO 12836):	7 µm
Full antagonist arch scan time:	17 sec
Antagonist single tray scan time:	64 sec
Texture:	Color
Scanning strategy:	Standard

**E2** A smooth entry to digital for labs working in crown and bridge

Camera:	2 x 5 MP
Accuracy (ISO 12836):	10 µm
Full antagonist arch scan time:	24 sec
Antagonist single tray scan time:	72 sec
Texture:	B/W
Scanning strategy:	Standard

# Make everything effortless

3Shape Lab Management Software (LMS) provides seamless, integrated digital management for all cases, during every point in the case workflow. All your cases, digital and analog, are digitally integrated, all of your daily tasks are efficiently managed, and expectations can be transparently communicated with your clients. 3Shape LMS helps you better manage your work, to help you more effectively manage your lab.

## Organize every case

**Deadlines made easier.** 3Shape LMS saves you time by managing all digital and analog cases in a single, simplified and compliant system.

## Transform every client relationship

**Expectations made clearer.** 3Shape LMS helps you manage your clients' expectations, and effortlessly collaborate with them using a communication platform designed for transparency.

## Streamline every task

**Daily work made efficient.** 3Shape LMS reduces admin and data entry with efficient management of production lines, billing, and integrated systems, and can be used in the lab or remotely.

## Which 3Shape LMS is right for your lab?

### Essentials

Simple case management, streamlined for TRIOS cases.

Essentials includes:

- ✓ Directly receive TRIOS cases
- ✓ Case management of all digital and analog cases in a single system
- ✓ Direct integration with 3Shape Dental System and 3Shape lab scanners
- ✓ Secure digital file storage
- ✓ Free to use

### Premium

Powerful case management, client relationship and production management tools.

Includes everything from Essentials plus:

- ✓ Guided onboarding and customer success manager
- ✓ Streamlined clinic-to-lab communication platform
- ✓ Client management tools
- ✓ Multi-step production lines with barcoding
- ✓ Integrated billing

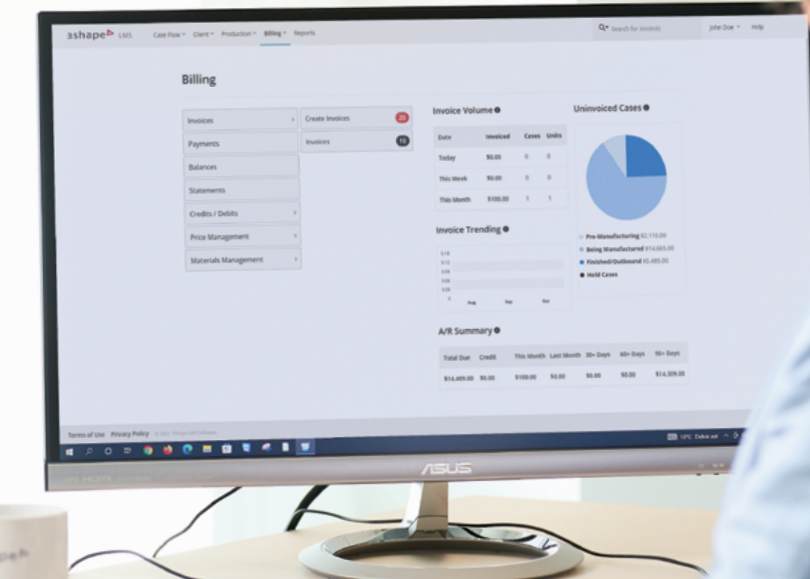

**Get a feature overview, view availability and calculate your monthly price at [3shape.com/software/lms](https://3shape.com/software/lms)**

NEW!

## Clinic to CAD made simple

Imagine your full case workflow seamlessly integrated via a single, simple-to-use software. 3Shape LMS delivers on this, making case management as efficient as possible during the entire case lifecycle. And as digital cases keep growing, 3Shape LMS makes working with TRIOS clinics simpler than ever - in just 3 steps.

- 1 **Clinics send cases to your lab.** A simple and clear process using the custom product catalog and order form created by you in 3Shape LMS.
- 2 **Received cases are created directly in 3Shape LMS.** This simplifies data entry and scheduling, minimizing your time spent on admin.
- 3 **Open the scan and start designing.** When a case is ready for production, a seamless connection allows direct access to Dental System.

# Achieve higher productivity in your CAD designing

3Shape Dental System is a dental CAD design software that enables you to design with ease and streamline digital workflows. From simple to complex cases, CAD designing is fast and reliable, and your results are easy to share with customers.

**Dental System supports a wide range of treatment workflows**

- Dental System includes:
- 100+ esthetic teeth libraries
  - 110+ implant libraries
  - RealView and Smile Design app

**Learn more at**  
[3shape.com/software/dental-system](https://3shape.com/software/dental-system)

## Crown & Bridge

Covering the basic needs for the fixed restorative lab with monolithic and cutback crowns and bridges, veneers, inlays and much more, in efficient and guided workflows. The range of indications can be extended at any time with a variety of add-ons, and in combination with CAD points, can cover all restorative workflows.

## Removables

The Removables package covers all your needs for full and partial dentures. It allows you to copy existing dentures or you can design and manufacture dentures from scratch.

## Complete Restorative

The Complete Restorative package covers the full needs of both fixed and removable prosthetic labs. It contains everything from Crown & Bridge and Removables plus digital smile design, implant work, occlusal splints workflows, and more.

## Flexible software solutions that are simple to use

Basic indications (Single crowns, bridges, veneers, etc.)	•	•	•	
Virtual articulator	•	•	•	•
Temporaries and diagnostic wax-ups		•	•	
Post & Core and Telescope crowns		•	•	
Abutment design			•	•
Implant Bar & Bridge			•	•
RealView & Smile Design		•	•	
Splint Studio		•	•	•
Model Builder			•	•
Dentures			•	•
RPDs			•	•
Customized impression trays			•	•
Clear Aligner Studio				•
Implant Studio				•
Third-party IOS inbox				•

# Choose your service package according to needs and budget

You can choose between two service packages to go with your 3Shape solution – LabCare or Basic.

The LabCare subscription package is optional and provides high value services to keep you ahead. The Basic Package offers limited services free of charge. Both options are flexible, and you can subscribe or unsubscribe when needed.\*

**Learn more** at [3shape.com/services/labcare](https://3shape.com/services/labcare)

## LabCare Subscription

### Authorized support

Get help from experts in your local language and time zone.

### Software upgrades

Get all new Dental System and scanner software releases with the latest developments, including libraries, workflows and tools.

### Wide range of training options

Access to hands-on training events and lectures held by authorized 3Shape experts and renowned speakers.\*\*

### 25% discounts

Discounts on additional seats, 3Shape Academy training at a local 3Shape facility\*\*, and more.

### 5-year warranty

Protect your new scanner investment with a 5-year warranty & replacement service.\*\*\*

### 3Shape Automate Credits

€900 3Shape Automate design credit included with the renewal of LabCare subscription\*\*\*\*

## Basic No subscription

### Pay per case

Get expert help in your local language on a pay-per-case basis.

### Perpetual software version

You are licensed to use the software version corresponding to the year of purchase.

### Self training

Train at your own pace using our self-training videos and manuals.

### No discounts

Not eligible for special offers.

### 1-year warranty

Basic 1-year warranty on new scanner purchases.

### Pay per case

3Shape Automate is charged per case you accept

\* Terms and conditions apply. Contact your reseller for more information.  
\*\* Subject to availability in your country.  
\*\*\* Contact your local reseller for availability. For E2 and E3, you can purchase 3Shape Warranty and Replacement service separately when choosing LabCare.  
\*\*\*\*Only eligible for customers in markets where 3Shape Automate is available. Limited to 1 credit per lab. Automate credits have no cash value and are not redeemable for cash. Credits must be manually claimed by emailing your 3Shape subscription renewal receipt to [automate@3shape.com](mailto:automate@3shape.com).

# Harness the expertise of dental professionals and the speed of AI

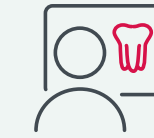

3Shape Design Services brings to you two design solutions to cater to your exact need, and enables you to accomplish more with the resources you currently have.

Explore new ways of adding a wide array of design indications to your collective offering, all customized to fit the quality of your lab.

Or experience the world's leading AI design platform, available to you 24/7, to design your cases in a few minutes.

Choose your own way to grow your business.

**Learn more** at [3shape.com/designservices](https://3shape.com/designservices)

## Design by dental professionals

Powered by more than 180 dental designers, 3Shape Design Service offers you the expertise of highly skilled dental professionals to grow your business with comfort.

### Offer a wide range of indications

Get an easy and manageable start to begin growing your business by offering new and exciting indications to your customers.

### Optimize for better productivity

We make it easy for your lab to handle peaks in volume, providing you with the flexibility to explore new business opportunities while we design.

### Customized for a better experience

We provide you with customized solutions to fit your workflow and design preferences, to ensure smooth and easy workflows leading to high-quality results.

**Learn more** about the many possibilities at [3shape.com/design](https://3shape.com/design)

## Dental designs powered by AI

3Shape Automate is a self-service dental design platform exclusively powered by AI to deliver reliable results – boosting your productivity and reduces your costs.

### Designs in as fast as 5 minutes – 24/7

No need to fight the clock, choose the turnaround time that fits your needs. 3Shape Automate offers you guaranteed results 24/7, in as little as 5 minutes.

### Reliable AI-driven results

With a design acceptance rate of more than 92% across hundreds of thousands designs, you can place your trust and confidence in Automate to handle your orders.

### Pay for what you approve

With Automate, you only pay for the designs you like and approve. Use it to cost effectively scale your lab's production.

Automate, first time, every time. **Learn more** at [3shape.com/Automate](https://3shape.com/Automate)

## About 3Shape

3Shape was founded in 2000 by two people determined to unlock opportunities in 3D digital technology. From two, we've grown to over 2,000 – and from our beginning in Denmark, we're now present in over 100 countries around the world.

Our singular purpose remains the same – to advance and connect medical professionals and patients.

We drive progress in digital dentistry with groundbreaking, industry-recognized scanners for clinics and labs. And connect dentists and technicians with software workflows that just flow. We advance and coach professionals on every step of their digital journey – helping to truly elevate the customer experience.

Our impact is reflected in the results we achieve. Every second of every day, our award-winning products restore the confidence of a patient. Decisively going beyond products, we bring ongoing training and education that not only helps professionals stay relevant, it puts them ahead of the game.

We actively advance and connect dentists and lab technicians – the people who are the backbone of the industry.

**Advance. Connect. Together.**
