Unite & Unite Cloud

A great scan is just the beginning. With 3Shape Unite you can utilize thousands of apps, simplify treatment workflows, and use any device to securely access your TRIOS scans in the cloud. From digital impression to treatment conclusion, unite everything in between.

Experience efficient patient and case management, with easy patient and calendar views, notifications, tracking and lab messages.

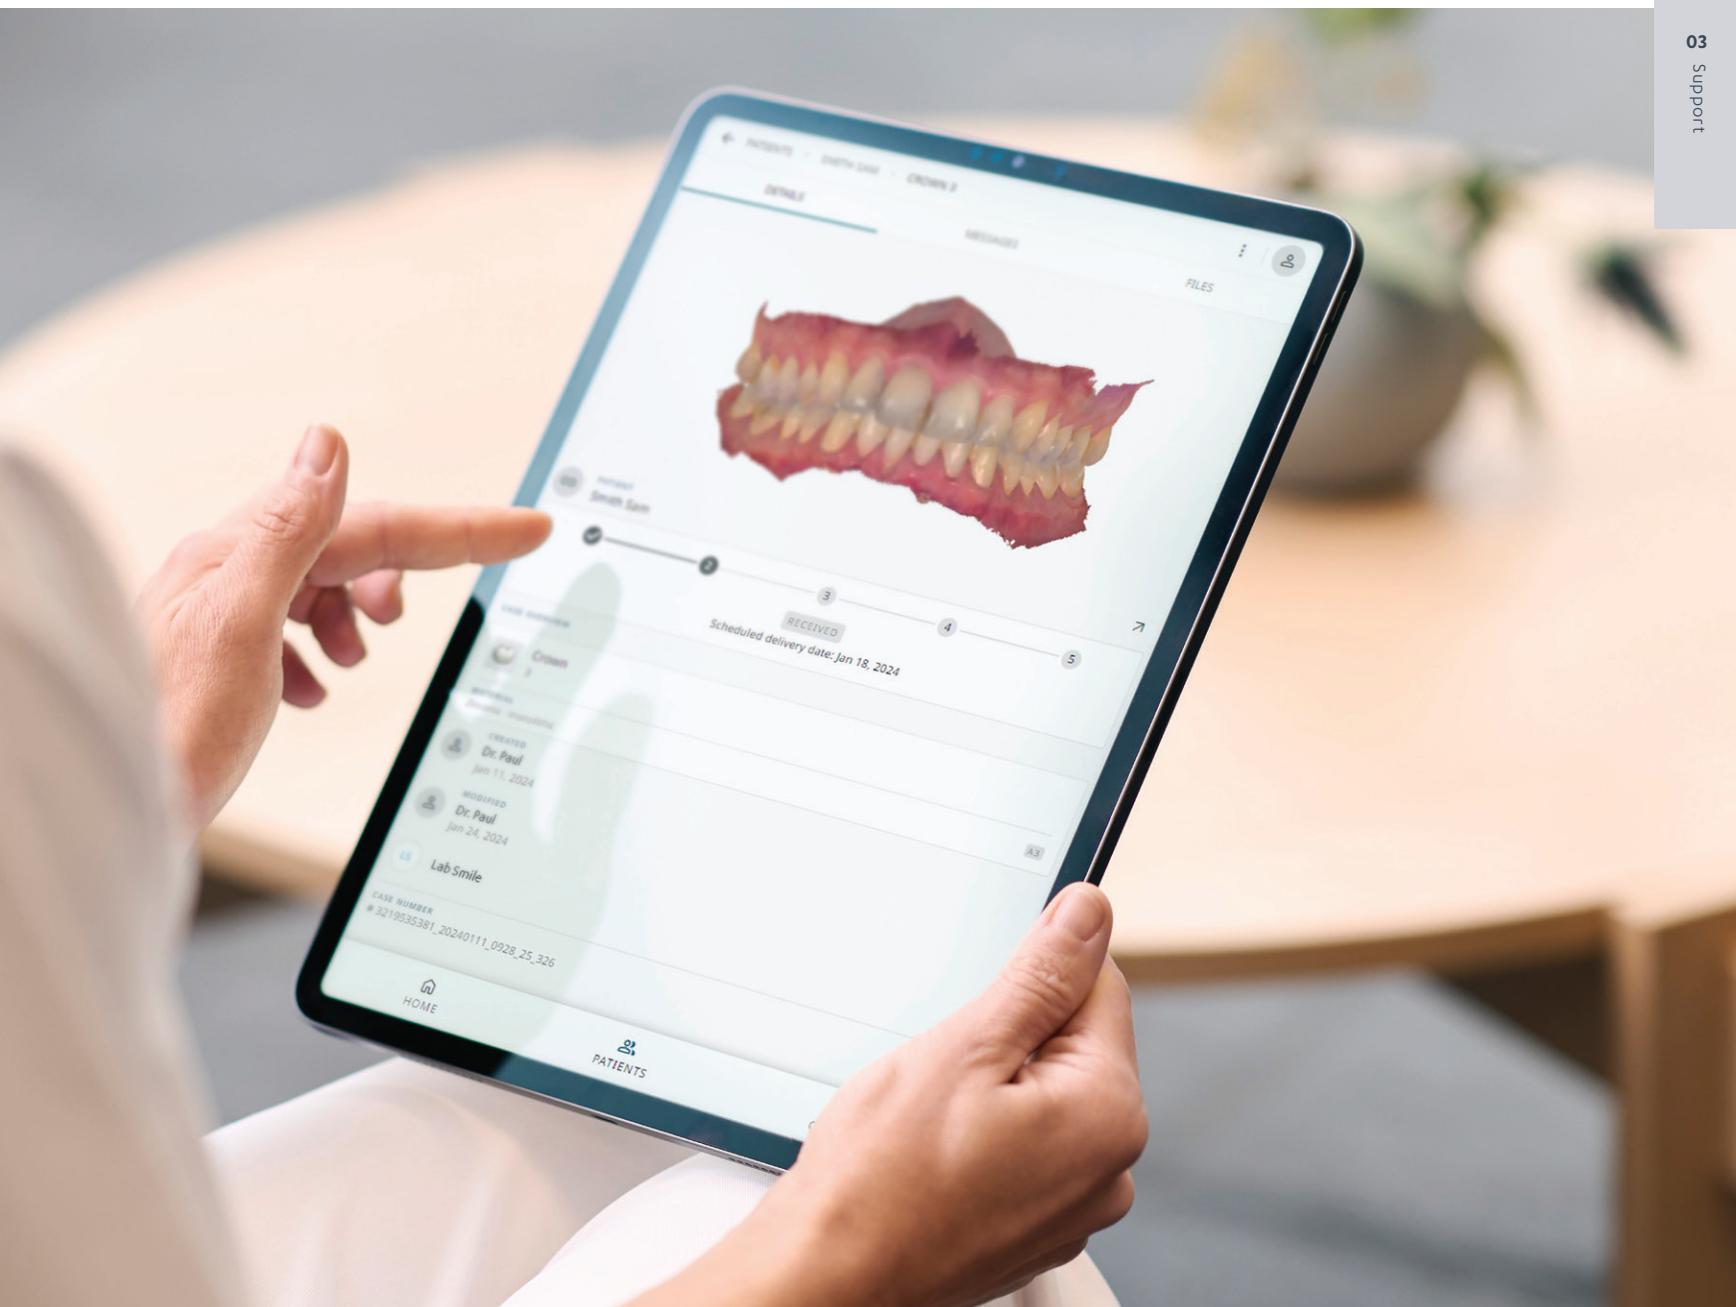

Access all TRIOS scans, patient data, and license information available from the cloud; available from the cloud on any device, any time, anywhere.

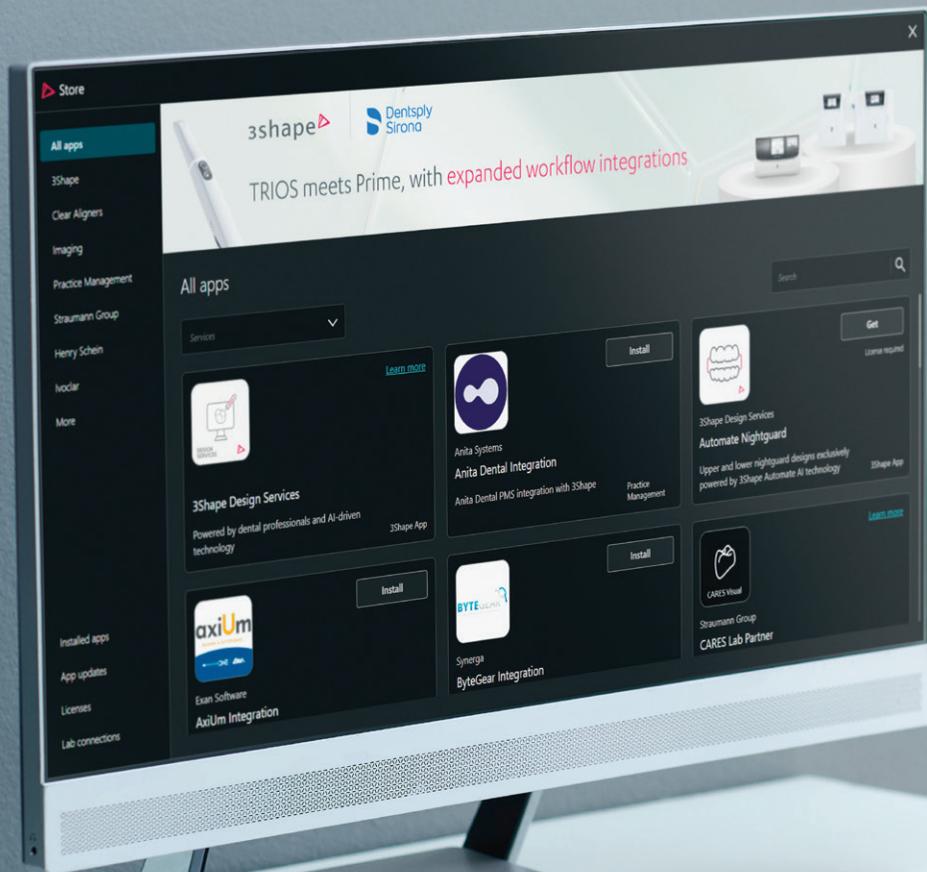

Store up to 10TB of encrypted TRIOS scan and patient data in the cloud as a TRIOS Care user, or 10GB with TRIOS Only.

Experience unmatched case workflows and communication.

An unparalleled scanning experience.

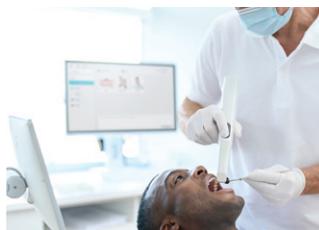

Connect with your partner of choice for even smoother treatment workflows.

Unlock seamless software workflows with your TRIOS, connecting effortlessly to a growing network of integrated dental partners. Enjoy more efficient treatments with reduced paperwork and streamlined collaboration with labs and dental partners—all seamlessly integrated into your practice management system.

Through Unite, we provide best-in-class clinic to lab workflows with a seamless end-to-end integration with +25.000 labs.

Everything starts and ends at the heart of your clinic – your practice management system. Our workflows seamlessly integrate with 50+ tools in a click.

Through Unite we connect you with an ever-expanding list of 100+ dental partners; from clear aligners, 3D printing and milling, imaging – and more!

TRIOS Apps

Treat and engage

Unlock the potential of add-on TRIOS Apps with **Engagement and Studio Apps**. Making it easier to communicate and offer fast, hassle-free, same-day treatment to your patients.

TRIOS Smile Design lets you give your patients a glimpse of their future smile with a virtual treatment outcome on your patient's photos.

TRIOS Treatment Simulator allows you to show your patients their potential treatment outcomes, overlaid on their own image, before they even get started.

TRIOS Dx Standard accurately helps track changes over time by scanning every patient every time. Identify treatment needs early with this valuable visual tool.

TRIOS Design Studio aids in designing and producing same-day restorations with the use of AI.

Splint Studio is a guided and fast workflow that designs and produces a wide range of occlusal splints.

Implant Studio allows you to plan, design and print custom surgical guides and temporary screw-retained crowns in one workflow.

Which TRIOS is right for you?

TRIOS

6

**NEW! Revolutionary
scan technology.
TRIOS redefined.**

Introducing TRIOS 6, Dx Plus and DentalHealth app.

Redefine your patients' experience with the best TRIOS scan quality ever, cutting-edge AI assistive diagnostic software, and the groundbreaking DentalHealth app. Communicate tailored, on-demand education and insights to empower your patients in co-owning their dental health.

¹ Compared to existing TRIOS portfolio

TRIOS Dx is not cleared by the FDA for clinical use in the USA.

Why are these revolutionary?

Redefined TRIOS scan quality and advanced hyperspectral technology. Up to 110% higher scan resolution for unmatched geometry and color detail.¹

Redefined diagnostics with NEW Dx Plus AI-assisted aid for objective, consistent results for caries, tooth wear, gingival recession, and plaque.

Redefined patient communication and empowerment, in and out of the clinic with the NEW DentalHealth app.

TRIOS

5

Intelligent scan technology. Acclaimed.

Designed for an effortless scanning experience, next-level ergonomics, and new standards of hygiene. TRIOS 5 introduces intraoral scanning that simply makes sense, with the ScanAssist engine that delivers precision scans effortlessly and efficiently.

reddot winner 2023

Why TRIOS 5?

Effortless precision
scanning made easy,
with ScanAssist, sensory
feedback, and TRIOS Share.

Ergonomic design made
perfectly to fit in any hand;
30% smaller and 20% lighter
than previous TRIOS models.

Hygienic design sets a new
standard in infection control,
minimizing risk of patient cross-
contamination.

TRIOS

3

Tens of thousands of dentists trust—and love—TRIOS 3. It's award-winning, reliable and accurate. With 3D AI-driven scans in realistic colors and three included engagement apps, TRIOS 3 gives you so many new ways to engage with your patients.

Proven scan technology. The trusted choice.

Why TRIOS 3?

Award-winning scanning trusted for accurate, scan-and-send impressions. Send your case to Invisalign and other partners with just a click.

Inspire your patients to accept treatment with new ways to engage. From 3D color scans to engagement apps, and MOVE+.

Improved experience. With a smaller, lighter pod, and fewer cables too. Making it even easier to use and store your TRIOS 3.

TRIOS Core

Core scan technology. For essential functionality.

Unlock the many benefits of digital dentistry with TRIOS Core. AI-powered, it delivers scanning performance and enhanced comfort for your patients. Seamlessly connect and share your scans with the lab and manufacturers of your choice, in just one click.

Why TRIOS Core?

Built for send-to-lab packed with the essential workflows, including access to the Unite Cloud app.

Core AI scan technology at an affordable price, with accurate scans in realistic colors.

Add-on to your experience
with **TRIOS accessories.**

TRIOS Ready Tip

With a single-use TRIOS Ready Tip, it is as simple as: open, attach, scan. Designed for staff who value the convenience of always having a ready-to-use tip on hand.

Compatible with TRIOS 6 and TRIOS 5

TRIOS Sleeve

The one-time-use ultra-thin, snug and near-invisible TRIOS Sleeves minimizes the risk of patient cross-contamination. Hygienic by design.

Compatible with TRIOS 6 and TRIOS 5

TRIOS MOVE+

The Red Dot celebrated ergonomic MOVE+ is an easy way to move 3D scans and engagement apps right where your patient can see them – chairside!

Compatible with TRIOS 5 and TRIOS 3

TRIOS MOVE Pro (Coming mid-2025)

With a 40% larger screen, built-in battery, and tray holder, MOVE Pro can enhance your efficiency even more, and your patient's experience too!

Compatible with TRIOS 6 and TRIOS 5
